Suggested Training for Region, District, and Campus Professionals

- It is the intent of TEA's Student Assessment Division that all resources created to clarify testing and accommodation policies be accessible to educators at the region, district, and campus levels, including classroom teachers.
- This is a comprehensive training but does not take the place of reading the associated documents located on TEA's Accommodation Resources webpage.
- Relevant district and campus staff will need to read all of the policies and related resources once they are posted on the Accommodations Resources webpage. These documents contain all the details.

Agenda

- Overview of Major Changes slide #5
- Accessibility Features slide #7
- General Information about 2017 Policy slide #12

Accessibility

- Ensuring that each student can interact appropriately with the content, presentation, and response mode of the test.
- Assessments should allow all test takers to demonstrate their knowledge of the content being tested without the format of the assessment, non-tested language, or the type of response needed to answer the questions being barriers.
- In order to meet this goal, various features and accommodations are made available on STAAR paper and online tests to students who use the same or similar supports during classroom instruction .

ACCESSIBILITY FEATURES

- Bilingual dictionaries must be word/phrase translation dictionaries only.
- They must NOT be designed to define words or to illustrate or explain content terminology or concepts.

GENERAL INFORMATION ABOUT 2017 POLICY

This is a comprehensive training but does not take the place of reading the associated documents located on TEA's Accommodation Resources webpage.

Accommodations = Designated Supports

	
Should be individualized to address the specific needs of each student	Are not necessary for every student
Might be appropriate for classroom use but might not be appropriate or allowed for use on a state assessment	Are not changes to the performance criteria or the content
Should be evaluated regularly to determine effectiveness and to help plan for accommodations the student will need each year	Are not intended to provide an advantage to a student
Should be documented in the appropriate student paperwork	Should not be provided to a student without evidence of effectiveness from year to year

Policy Documents

- Contain the information needed to make accommodation decisions for all students taking STAAR, STAAR Spanish, and **TELPAS**

- Each document is organized the same way
 - *Description of Accommodation*
 - *Assessments*
 - *Student Eligibility Criteria*
 - *Authority for Decision and Required Documentation*
 - *Examples/Types*
 - *Special Instructions/Considerations*

Description of Accommodation

- This section provides a general description of the accommodation.
- Above this section is the name of the accommodation and an Accommodation Request Form icon in the right-hand corner.
 - *TEA approval is NOT required.*
 - *TEA approval IS required.*

Assessments

- Accommodations may be used by eligible students only on the assessments listed in this section.
- In addition, this section may indicate whether the accommodation is available on paper, online, or both.
- Some accommodations are applicable to STAAR, STAAR Spanish, TELPAS, or any combination of these 3 programs.

Student Eligibility Criteria

- This section lists the eligibility criteria that must be met in order for the student to use the Designated Support on a state assessment.
- Only the committees listed in the Authority for Decision section can consider the eligibility for a student.
- Depending on the accommodation, the eligibility may be very general or very specific.
 - *All accommodations require that the student use the accommodation routinely, independently (if applicable), and effectively.*

Student Eligibility Criteria

■ Routinely

- *The student should routinely receive the accommodation during classroom instruction and testing.*
- *The student has used the accommodation often enough that he or she is comfortable using it on the day of the state assessment.*
- *This does not necessarily mean that the accommodation must be used every day during instruction.*

Student Eligibility Criteria

■ Independently

- *The student should be able to use the accommodation independently, when applicable, during the state assessment.*
- *For accommodations where independence is applicable, there should be no need for teacher assistance when using the accommodation.*

Student Eligibility Criteria

■ Effectively

- *Educators should collect and analyze data pertaining to the use and effectiveness of accommodations (e.g., assignment/test scores with and without the accommodation, observational reports).*
- *This data will show whether the student still needs the accommodation or whether it is now unnecessary.*

Authority for Decision and Required Documentation

- This section describes who can make accommodation decisions for students, where to document these decisions, and what to record on the answer document.
 - *Each of these bullets are NOT found on every Designated Support, meaning that not all students can be considered for all accommodations.*
- For a student not receiving special education or Section 504 services, the decision is made by the appropriate team of people at the campus level (e.g., RTI team, student assistance team) based on the eligibility criteria and is documented according to district policies.
- For a student who is an ELL, the decision is made by the LPAC based on the eligibility criteria and is documented in the student's permanent record file.

Authority for Decision and Required Documentation

- In the case of an ELL with a disability, the decision is made by the applicable group (e.g., RTI team, Section 504 committee, ARD committee) in conjunction with the student's LPAC. The decision is to be documented by the LPAC in the student's permanent record file and by the other applicable group.
- For a student receiving services under Section 504, the decision is made by the Section 504 committee based on the eligibility criteria and is documented in the student's IAP.
- For a student receiving special education services, the decision is made by the ARD committee based on the eligibility criteria and is documented in the student's IEP.

Recording Accommodations on the Student's Answer Document

- *2017 District and Campus Coordinator Manual*
- Campus personnel must be trained in accurately recording accommodations on each student's answer document or in the Assessment Management System for online administrations.
- Record the accommodation that is documented and made available to a student, even if the student did not use the accommodation during testing.

Recording Accommodations on the Student's Answer Document

- The following accommodation bubbles may be available, depending on the test and/or the mode of testing.
 - ***GA*** = general accommodation
 - ***LP*** = large print
 - ***XD*** = extra day
 - ***BR*** = braille
 - ***CS*** = content support
 - ***LV*** = language and vocabulary support

Examples/Types

- This section describes the specific examples or types of the accommodation that may be used on the state assessment.
- Pay careful attention to this list because it is sometimes exhaustive.

Special Instructions/Considerations

- This section outlines special instructions and considerations about the accommodation that educators must be aware of when
 - *making the decisions to use the accommodation and*
 - *administering the assessment with the accommodation.*

Accommodations in Emergency or Unexpected Situations

- Follow these steps when unexpected or emergency situations (e.g., broken arm, lost eyeglasses) occur just prior to or on the day of the state assessment.
- **Step 1: No need to contact TEA**
 - *Make available Accessibility Features which are allowed for any student.*
- **Step 2: No need to contact TEA**
 - *Make available locally-approved Designated Supports. Consideration should be given to accommodations that the student can independently use (e.g., for the student who does not have his/her prescribed eyeglasses, consider use of a projection device or a large-print test booklet prior to considering an oral administration by a test administrator).*
- **Step 3: Contact TEA**
 - *If the student's needs cannot be met with Step 1 or 2, contact a member of the Accommodations Task Force. The district testing coordinator may need to submit an Accommodation Request Form.*

Accommodations in Emergency or Unexpected Situations

- There is no expectation that the student would have routinely received the Accessibility Feature or Designated Support during previous classroom instruction and testing.
- It is recommended that the student (and the test administrator, if applicable) be given the opportunity to practice using the feature or support prior to testing, if time permits.
- After testing, document the availability of the Designated Support on the answer document even if the student did not use it.
- Consider the situation when interpreting test results.

DESIGNATED SUPPORTS THAT ARE LOCALLY APPROVED

This is a comprehensive training but does not take the place of reading the associated documents located on TEA's Accommodation Resources webpage.

Locally-Approved Designated Supports

- Previously referred to as “Type 1 accommodations” or “linguistic accommodations,”
- These include supports that may be made available to students who meet eligibility criteria.
- The decision to provide a Designated Support to a student is made by the appropriate team of people at the campus level (e.g., ARD committee, ARD committee in conjunction with LPAC, Section 504 placement committee, LPAC, RTI team, student assistance team) listed on the specific policy document.

A student is trying to determine the genotype of a purple flowering pea plant.

The student performs multiple test crosses by pollinating a purple flowering pea plant with pollen from a white flowering pea plant known to be homozygous recessive.

The student determines that the genotype of the purple flowering pea plant is most likely —

- (A) a heterozygous purple flowering plant because the offspring produced were 100% heterozygous purple flowering
- (B) a heterozygous purple flowering plant because the offspring produced were 100% homozygous white flowering
- (C) a homozygous purple flowering plant because the offspring produced were 50% heterozygous purple and 50% homozygous white flowering
- (D) a homozygous purple flowering plant because the offspring produced were 100% heterozygous purple flowering
